

Esraa Elnabarawy

MERN Stack Specialist | React | Node.js | .NET Back-End Developer

+20 106 461 7893 | esraa.nabarawy123@gmail.com | Cairo, Egypt | LinkedIn | Portfolio

SUMMARY

Junior Full Stack Developer with hands-on project and training experience building web applications using the MERN Stack (MongoDB, Express.js, React.js, Node.js) and ASP.NET Core. Skilled in developing RESTful APIs, responsive interfaces, and scalable database-driven systems. Completed 590+ hours of intensive full-stack training while building real-world projects focused on clean code, authentication, and modern development practices.

EXPERIENCE

Full Stack Web Developer Intern – Digilians (Jan 2026 – Present)

- Completed 590+ hours of intensive full-stack development training focused on real-world applications.
- Built full-stack applications using MongoDB, Express.js, React.js, and Node.js.
- Developed 5+ RESTful API endpoints with authentication and middleware integration.
- Implemented state management using Redux and Context API in React applications.
- Applied Git workflows and collaborative development practices in a team environment.
- Used Docker fundamentals to containerize development environments.

EDUCATION

B.Sc. in Computer Science – Zagazig University (Sep 2020 – Jul 2024) | GPA: 3.04

Specialization: Information Systems

Graduation Project: Grow.ai – Grade: Excellent

PROJECTS

Employee Management System – Route Academy (Jan 2025 – Mar 2025)

- Built an Employee Management System using ASP.NET Core MVC.
- Implemented CRUD operations and integrated SQL Server database.
- Designed RESTful APIs for employee data management.
- Applied OOP principles and scalable backend architecture.

E-Commerce API – Route Academy (Mar 2025 – May 2025)

- Developed a RESTful API for an e-commerce platform.

- Designed database schema for products, users, and orders.
- Implemented authentication and authorization for secure endpoints.
- Structured modular code to support scalability and future expansion.

TECHNICAL SKILLS

Front-End: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Bootstrap, Tailwind CSS, Redux, Context API

Back-End: Node.js, Express.js, MongoDB, REST APIs, ASP.NET Core, C#, SQL Server, MVC Architecture, JWT Authentication

Tools: Git, GitHub, Docker (Basics)

SOFT SKILLS

Problem Solving • Analytical Thinking • Communication • Team Collaboration • Time Management • Adaptability • Attention to Detail • Continuous Learning

LANGUAGES

Arabic (Native) | English (Professional Working Proficiency)
